

Our business law practice group provides innovative, insightful and practical solutions to the challenges faced by our business clients. Our clients range from small, start-up companies, to emerging/high-growth companies, to large publicly-traded companies. We use our deal-making and problem-solving abilities to assist our business clients in achieving their goals and to add value at any stage of their business venture. With over 90 years of experience representing clients in numerous industries, you can count on Ireland Stapleton to give you the sophisticated, insightful and responsive legal counsel you need to successfully protect, grow and manage your business in all areas of general corporate and commercial law.
